

COMPLETED WEB SITE INFORMATION AND APPROVAL SIGN-OFF SHEET

I have thoroughly reviewed the web site currently residing at http://www.domain.com/[redacted], and give it my approval of it as completed per [DATE] contract and ready to upload to its own host server space. I understand that a final invoice for \$[redacted] is now due, upon receipt the site will be published on the server specified by client. If the client is hosting with the design firm the hosting package billing will start as soon as the site goes live.

If you have chosen a hosting package with Stellar Design Concepts please refer to the HOSTING contract for payments and future scheduled payments. Hosting packages are completely independent of site development. It is quite common to have a site shut down for non-payment of the hosting fee (this fee is not unlike renting retail space). If you have hosted with us please request a copy of your hosting contract.

I understand that the domain name [redacted] is registered in my name at [REGISTRAR]. This registration expires on [redacted] and must be renewed for web site to remain live. Although I understand that I am ultimately responsible for my domain registration, UNLIMITED WEB DESIGNS will assist with the renewal process. For my files, my [REGISTRAR] log-in is [redacted] and my password is [redacted].
