2. [CLIENT] agrees to pay yearly invoices to UNLIMITED WEB DESIGNS in a timely manner, in advance for any year in which he wishes to continue hosting services.
3. Typically, there are no additional costs associated with web hosting. This type of work is billed at our normal hourly rate (\$95.00).
4. UNLIMITED WEB DESIGNS shall not be responsible for any loss of business or other damages resulting from occasional “down-time” or other technical problems related to the host server, whether caused by the web hosting company or by broader Internet problems beyond our control.
5. Your hosting account has a bandwidth usage limit of 5000 users per month. We realize that from time to time, a Client may have unanticipated circumstances which cause their web sites to exceed this limit. In *rare* cases, such overages may result in additional charges, or temporary suspension of service. Should this occur, UNLIMITED WEB DESIGNS will first make every effort to contact you to prevent any unexpected charges or service interruptions.
